BOARD MAKES INQUIRY IN CARD CHANGE

Say Present Rule Failure; Body Gets Stickers

Realizing a need for an investigation of all types of student ticket sales with a view to adopting a new system or retaining the present method, members of the Executive Board formulated a group of propositions for consideration during the regular meeting of the board on Monday.

There has been some criticism of the method as it now exists on the basis of confusion with permission to participate in athletics. Many students are agitating a compulsory ticket for everyone in place of the present voluntary card and it was because of this conflict in opinion that the board is setting about to adopt a method satisfactory to the needs of the college.

Definite action will not be taken by the board until student opinion has been voiced and the points of every plan thoroughly considered. Faculty advisers of clubs are also being interviewed to get further clarification on the matter. The full text of the propositions will be printed next week.

Three general plans are contained in the various types, voluntary tickets as now exist, compulsory tickets for regular students and compulsory tickets for students who participate in activities. The question of whether it shall be a one semester ticket or one year payment is also being considered.

According to a survey of California junior colleges, all but five have compulsory tickets, two of this numbering in Southern California. The tickets are bought at the time of registration and matriculation is not complete until a ticket is secured. Proponents of this new plan point out that the same amount of money is secured at least individual cost, there is no eligibility problem and everyone is a member of the college activity program. If this plan is desired, it will have to be in the form of a request to the faculty to enforce the rule. Opponents to the voluntary plan point out that students who are interested in activities will buy tickets and those who are not interested should not be forced to buy a ticket. Further, that a voluntary system is in the hands of the students while the compulsory rule is of necessity enforced by the faculty.

The third faction favor compulsory tickets for those who participate in activities, believing that special students and those not interested in school activities should not be forced to buy tickets. This would also do away with eligibility requirements, it is claimed.

Induction Of New Officers Friday

Installation of new officers who will be elected next Friday and a fashion show of eight models displaying wearing apparel of every type ranging from bathing suits and pajamas to the most elaborate of formal evening gowns furnished by the Sorority Shop are on the program for the Associated Women Students assembly to be held next Tuesday.

Eight girls most adapted to displaying wearing apparel have been chosen for the models. The clothing will be of the latest designs and will prove a great opportunity for the girls of the school to see what the latest fashions are, according to the manager of the Sorority Shop.

Those who are to be voted on as officers for the Associated Women Students are as follows: president, Misses, Hazel Hushman and Claire Hymen; vice-president, Ruth Collins and Louise Procter; secretary, Florence Stanley and Dulcie Green.

Journalism Class To Edit Register

El Don staff will edit and publish the Santa Ana Register Journalism Day of Boys' Week. Other days of the week April 21 to March 2nd will be devoted to different activities of the boys.

Sunday, April 26th is to be known as Church Day. Sunday evening the Knights of the Rag, "Y" boys who have won rags at summer camps, will take charge of evening services in the larger churches of the city.

Monday, Citizenship Day, all city offices will be filled by high school boys elected at the high school last Monday. All functions of the various offices will be performed by the boys during that day. An account of each office holder is to be written up by him at the end of the day.

Monday evening there will be a regular meeting of the city trustees presided over by the mayor of that day.

Tuesday is Club Day. The programs (Continued on page 4)

Complete Plans For Card Party

Final plans were completed for the afternoon bridge to be given by the Sisterhood of Spinsters at the Hotel Laguna, on April 11, at a meeting of the Sisterhood held Monday evening. The affair will honor members of the other two girls service clubs. Special entertainment will be presented by pupils from the Vera Ess Steadman School of Dancing.

Spinsters will present an assembly and have an edition of the El Don sometime during April it was announced by Margaret Wilson, supreme spinster. The assembly date has been tentatively set as April 28. A play by the drama class and special musical numbers will be presented.

Decoration plans for Fiesta Day were discussed and Miss Wilson appointed committees to take charge of the affair. Spinsters will also make flags and costumes for that event. These will be made at the next meeting of the organization.

Fiesta Day Don-Dona Election Petitions To Be Drawn Next Week

Petitions for the nomination of Don and Dona to reign over activities for the fourth annual fiesta day, will be issued April 20, and the election, by popular vote, will be held May 1. The Right Reverend Father St. John O'Sullivan of the San Juan Capistrano Mission, will crown the Don and Dona in the morning of Fiesta Day. Pictures of the Don and Dona will be published in all of the major newspapers of Southern California.

"The naming of the Don and Dona," stated Marion Parsons, chairman of the Fiesta Day committee, "is one of the greatest honors to be accorded any student during the school year."

In 1923 the First Annual Fiesta was presided over by Don Pete Lehr and Dona Flora Groenow. The following Fiesta saw Baxter Geeting as Don and Margaret Cianfoni as Dona. Last Fiesta Don Abbott Mason and Dona Mary McHenry held the honors. The Right Reverend Father St. John O'Sullivan, of the San Juan Capistrano Mission, has crowned the Don and Donas of the past and will be present to perform that duty again this year.

Harry Carr, Los Angeles Times columnist, will be the principal speaker of the day. He will be introduced by Terry E. Stephenson, Santa Ana postmaster, who will be remembered as the author of the recent "Caminos Viejos", a history of Orange County, which gained national recognition and was printed by the Santa Ana junior college print shop, under the direction of T. E. Williams, head of the print department.

Under the direction of Wayne Flinn, the Orpheo Troupe is showing today in Garden Grove high school. They are scheduled to appear in Santa Ana high school on May 1st and in Anaheim on May 7th. Dates for showing in Orange, Tustin and Huntington Beach have not been set as yet. Don Abbott, Cecil Slaback, Everett Idler, and the college quartette appear on the pro-

Las Meninas Club Makes Ball Plans

Further discussion of the Las Meninas ball, to be given May 1, in the Palisades beach club, on Corona del Mar heights, occupied most of the time of the regular business meeting of that organization, held Monday evening in the home of Miss Florence Stanley, Myrtle Street, Tustin. Following the business hour, individual committees met and made plans for the dance. Committee members include punch, Ruth Gardner, Demaris Sears; decorations, Ruth Fitz, Hazel Hushman, Miriam Samuelson; invitations, Jean Anderson and place, Agnes McKinstry and Miriam Samuelson.

At the conclusion of the committee meetings, punch and delectable cookies were served by the hostess, Miss Stanley, assisted by her mother, Mrs. E. J. Stanley, and sister, Miss Martha Stanley.

Dancing occupied the remainder of the evening.

Those present in addition to the hostess, Miss Florence Stanley, included the Misses Eugenia Gire, Esther Romoff, Claire Hymen, Rosalind Schilling, Neva McDonald, Demaris Sears, Ruth Fitz, Catharine Walbridge, Catherine Harwood, Hazel Hushman, Agnes McKinstry, Juliette Taylor, Marion Taylor, Ruth Gardner, Ruth Collins, Jean Anderson, Lorna Allen, and Miriam Samuelson.

In their last meeting members of the Agorian Club formulated plans to take one day from school within the next three weeks to visit one of the large commercial plants in the southland.

Jaycee Warblers To Appear For Kiwanis

Again appearing in public, the Santa Ana junior college quartette, composed of Bill Fox, bass; Siemon Toelle, baritone; James Lukens, second tenor; and Charles Crumrine, first tenor will sing at the Kiwanis club luncheon at Ketter's cafe next Wednesday noon. Alan Revill will accompany on the piano.

Toelle and Lukens are two of the original Troubadours, who under the instruction of Myrtle Martin, head of the music department, completed a successful singing tour for the Santa Fe railway last February.

Prexy Seeks Cause Of Poor Attendance At Assemblies

What is to be the future of our assemblies? It is clearly evident that something must be done to remedy the terrible attendance for the last few meetings, especially the assembly yesterday, when less than 50 students and teachers turned out to hear Dean L. R. McClung from the University of Southern California.

Referring to Tuesday's assembly, only two members of the faculty were present, President Hammond and Dean Fisk. Where were the other teachers? The lecture on present day education was well worth the time of every instructor yet only two were present. Were the rest in their classrooms or labs with students who did not have enough ambition to come? The absence of teachers must have been highly pleasing to the three officials from U. S. C. visiting our college in order to see if we were worthy of recognition in the commercial department.

Secondly, only two members of the Executive Board were present. It seems as if the 10 student officers, supposedly actively interested in the college, would be the first to attend the assemblies. Every member knew that these professors from U. S. C. were to be present yet didn't have the courtesy or re-

Pop Concert Will Be Music Department Production May 22

Proceeds form a "Pop" concert, to be given on the front lawn by the entire music department of the high school and junior college on May 22, will be turned over to the office for the student loan fund.

Singing by the combined men's and women's choruses, solos by members of the voice classes, men's and women's quartette special numbers by the combined high school and junior college orchestras, instrumental solos, as well as a group of dances by the women's physical education department, will be features.

Myrtle A. Martin, head of the music department, states that the concert will be conducted on the order of the famous "Pop" concerts held in Boston.

Fiesta Events Will Be Filmed By Camera Men

One of the most prominent features of the Fiesta day program will be the battery of Fox Movietone cameramen that will be sent from Los Angeles to film the festivities of the Spanish celebration. Joe Hubbell, in charge of Movietone camera trucks in California, and Norman Sprowl, manager of the Fox West-Coast theatres in Santa Ana, working with officers of the newly organized Society of Woman Haters are responsible for this part of the annual celebration.

This will be the first Fiesta day since the custom was established that a record will be sent out over the United States to show what one Southern California institution is doing to keep alive the old Spanish traditions that were once a part of this section of the southwest.

The slogan "One hundred percent costuming" for Fiesta day has been adopted by the club and will be on every member's tongue until May 15. A definite program has been laid out by the organization, and the officers of the club state that a great deal of work is being done to help along various lines of the celebration.

The fact that a great deal of students fail to enter into the festive spirit of the celebration by not wearing some form of costuming, was pointed out, and this project will be pushed by posters and publicity to be circulated by the club. Expensive attire is not advised, but students should select some form of dress that is abundant in color and is representative of the Spanish costume.

Another project that has been launched by members of the society is the establishment of a museum of (continued on page 4)

U. S. C. HEADS SURVEY SANTA ANA CLASSES

Two Of University School Laud Excellence Of Local Instruction And Commercial Classes

BULLETIN

All accounting, secretarial and business retail management courses of the Santa Ana junior college are now recognized by the University of Southern California, F. W. Woodbridge and B. R. Haynes, heads of the two departments at the university made known last night, following a day's survey of the commercial courses and classes.

Dean McClung of the University of Southern California School of Commerce and two department heads, F. W. Woodbridge and B. R. Haynes, were on the campus yesterday to make a survey of the commercial department.

"We have had many students from your college," Woodbridge said, "and the high type work put out by your students is very superior." "We have known for some time that the commercial department of your school, so far as we have determined, is probably the best in any junior college of the state."

Recognition of the secretarial and retail management classes will mean that the college has been able to develop these two courses within a years time so that they are comparable to any other in the state offered by junior colleges. These two new courses were first announced by Gen. B. Holmes, head of the commercial department, at the beginning of the present term.

Haynes was also loud in his praise of the college. He said, "You have an excellent school of commerce here, probably the best in the state. The excellence of this department, it seems, would make other work offered by the school comparable." Haynes also was impressed with the excellence of instruction and campus beauty, he said.

"Things are run more today by figures than any other time in history," stated Dean McClung. "Besides being an expert in his line, the modern accountant must be skilled in many lines." The Dean addressed junior college students in the high school auditorium yesterday mainly on the topic of "Some Phases of Education," but gave many points on the cause of the depression.

"The trouble with the country today is not so much overproduction as over prediction," explained the educator. "The only real remedy for the depression is the five day week and the six hour day. I firmly believe that it will be a short time before the five day week and the six hour day are here."

"The trouble with the country today is not so much overproduction as over prediction," explained the educator. "The only real remedy for the depression is the five day week and the six hour day. I firmly believe that it will be a short time before the five day week and the six hour day are here."

Profs Will Attend U. C. L. A. Play Sat.

Eight teachers and students of Santa Ana Junior College plan to visit the Westwood campus of the University of California at Los Angeles Saturday afternoon and evening to attend the German play, Jederman, given by the U. C. L. A. students under the direction of Dr. Rolf Hoffman, Chairman of the German Department.

Tickets for the 2:30 matinee are 50 and 75 cents, while tickets for the 8:00 evening performance sell for 75 cents and one dollar. Each performance is to be two hours in length, as pointed out by Dr. F. H. Reinsch, Jederman manager.

Unique light effects will enhance the appeal of the poignant conflicts which "Everyman" endures when he sees his friend and loved ones lose interest in him after learning that God has summoned him to render an account of his early stewardship. Every effort is being put forth to make the production effective and fascinating. The play includes 48 characters in medieval costumes.

Those planning to attend from this college include Mr. and Mrs. Tessman, Miss Koch, and Miss Watson in the afternoon and Misses Marion Parsons, Elizabeth Riniker, Marie McGinis, and Willena Bell in the evening.

Breakfast Club Host To Guests On Sunday

Roy Wheeler, Wilton Hilliard and Lewis Bates were guests of the Breakfast Club Sunday morning at the regular meeting in the home of Miss Linda Paul, 2015 North Main Street. For some time the club has been faced with the problem of adding names to the roster, and guests are chosen after careful consideration by the group, and on the basis of moral character and leadership in social welfare, and are admitted after three successive Sundays, in attendance.

For the past two semesters the club has been taking up the problems confronting the world today, and the methods youth can use to combat these evils. Whether the methods can be a true Christian and uphold the Christian ideals and doctrines in the present economic conditions has occupied a great deal of the group's study time.

Dean McKee Fisk is the faculty advisor for the group, and conducts the discussions after the breakfast hour.

Urge Members Of College To Take Lion 'Show' Parts

All Santa Ana junior college students who are interested in trying out for vaudeville stunts to be given in the Junior Lions' assembly April 27, are expected to report at 3:30 tomorrow afternoon in the auditorium, where Norman Sprowl, manager of the Santa Ana Fox West-Coast theatre, will be on hand to act as the official judge in selecting participants for the Junior Lions' assembly program.

Sproul, a member of the Santa Ana Senior Lions, has announced that out of the several stunts which he will direct, the best skit will be selected at the Junior Lions' assembly and the members of the winning group will be awarded the honor of presenting the same skit at the downtown theatre.

Gathering at the junior college journalism rooms for a short business session Monday night, members of the local den voted to secure Don Dresse and his orchestra for the Junior Lions' Carnival dance which will be given at the Hotel Laguna, May 2. Dresse's music may be in-

(Continued on Page 4)

Bachelors Slate Fiesta Business

Full plans for the part the Brotherhood of Bachelors will play in assisting with Fiesta Day activities May 15, will be outlined Monday night when the Bachelors meet at the home of Tom Clark at North Parton and West Seventeenth streets.

Warren Schutz, construction chairman of the Fiesta committee, and grand exalted Bachelor last semester, will probably appoint his committee and Bachelor members will be instructed in their roles. The club will also assist in serving the supper on the lawn to the high school graduates.

The construction work is one of the biggest projects during Fiesta Day, since the arena has to be constructed on the lawn in front of the "Y" hut. A platform will be built in one end for the program. The large gold thrones for the Don and Dona are placed there.

EDITORIAL COMMENT

Assembly Attendance

(Continued from page 1)

sponsibility to attend.

As for the students, it was a remarkable display of indifference and laziness. When only 50 students attended an assembly, something is radically wrong with the other 500. Assemblies are offered only once a week, supposedly for the benefit of the students. It takes a lot of work to prepare programs yet students kick and growl and prefer to loaf in the arches or read books in the library.

Compulsory assembly attendance is one solution to the matter. This does not appeal very much but it works at other colleges, where an assembly cut is the same as a class cut. Long Beach jaycee was recently faced with poor attendance and put the compulsory rule into effect. Does Santa Ana want such a situation or do we prefer to attend the programs voluntarily.

Do instructors close up their rooms during the assembly period? Do science teachers shut down their labs or do they encourage their students to work? Does the library close for just one short hour so that students won't be lured away from assembly? Perhaps if a little more cooperation were given, the attendance would improve. The administration does everything possible in arranging class schedules so that the assembly period is free.

Although the assembly Tuesday was especially noteworthy from the standpoint of poor attendance, the assemblies all year have been poorly attended. Some excellent programs are coming up for the next few weeks. Unless proper appreciation is expressed, compulsory attendance for the rest of the semester and maybe next year will be put into effect. The reputation of the college is at stake when we invite noted speakers and entertainers to appear and then a mere handful spread themselves out in our 1,500 seat auditorium.

It's up to each student. If the shoe pinches, put it on and grin. If you have been shirking assemblies just because you think they are dry and uninteresting, be sport enough to attend once in awhile and find out. Don't be a slacker—a parasite—but give us a lift and do your small part for the college. "College spirit" is too often overworked but it surely applies in this case. —"Sky" Dunlap, Associated Student President.

BOOK REVIEW

Of the interesting people in this world Mary Roberts Rinehart, famous novelist, is one of the most outstanding as far as her life is concerned. "My Story", a sum total of her experiences up to the present time, is written in an intimate style, in short clear sentences as though the author were telling one personally her life story in an honest straightforward way.

During her childhood she read with amazing rapidity and had soon gone through the juveniles and started to read Dumas, Balzac, Dickens, Thackeray, and Jules Verne. From then on she read incessantly. Then influenced by a woman doctor, she decided to go to a hospital and study nursing. It was during this time that she married Stanley Rinehart, a doctor just starting his profession. After her marriage she determined to write and help her husband. Her first story was accepted by "Munsey's Magazine". There were many failures, but having met Willa Cather, who advised her to lay away stories for a while and then return to them, he re-wrote many of her old plots.

To become a member of the famed Caterpillar club, established in the United States and England, it is necessary that one's life be saved through a forced parachute jump. More members are coming down, for 24 names were added to the England club's list in 1930.

Sir Hubert Wilkins has flown over the North Pole, and now he will attempt to pass under it. He plans an exploration trip in a submarine.

The authoress in her writing sought to escape from remembering things she had seen and turned to romance, adventure, crime; crime, where the criminal is always punished and virtue triumphant. "The Circular Staircase", although her second serial, was her first book. Mytery appealed to her and was easy. The book turned out to be a success. From then on things moved rapidly. A European trip was made to save her eyesight, "K", and the Tish stories which were accepted by the Post were published; She was sent to war as a correspondent of the Post, spent three weeks at the Belgium Front, made an official trip to No Man's Land, stayed at the British Front, returned home only to have her husband and sons enlist, wrote "The Bat", a successful play, was sent again to France, was asked to succeed Edward Bok as editor of the Ladies' Home Journal, worked for the movies and travelled abroad.

She claims to be singing no swan song, rather she things her apprenticeship is just finished and her literary career to come.

Last year the Dead Letter Office received 23,000,000 letters and packages which were incorrectly addressed and carried no external clue to the sender. They contained, incidentally, \$5,391,000 worth of currency, checks, and money orders.

By the act of congress the "Star Spangled Banner" was voted the official national anthem. It came as the result of a petition presented last year to congress containing the signatures of 5,000,000 citizens.

OVER THE EDITOR'S DESK

By Richard Robbins

ABOUT this time of the year, the social calendar begins to fill up, very few more events can be scheduled for the remainder of the semester. Organizations on the campus should consult the social commissioner before any dates are set aside for activities. To many insignificant events will spoil the social program.

PROPOSITIONS compiled by the executive board as possible remedies for the present ineligibility confusion said to be created by the students ticket sale plan in force at the present time, will be published next week.

NOW that the glamor of being newly-organized has passed, members and officers of the Woman Hater's club are building up a constructive program that should make the organization and asset to the school. It seems contrary to Don spirit that a certain group of students on the campus should oppose the new group and its activities.

THE opposing club is one of the oldest and strongest on the campus. Grounds for opposition against the "Haters" is based on a comparatively unimportant issue. If the older group would approach the Woman Haters and ask that the basis of their grievance be removed, no doubt the new club would comply with its wish.

SITTING on the side and hindering the progress of the new club is contrary to Don spirit.

HERE AND THERE

Latest efforts in the scientific world have been toward producing lamps that simulate sunlight. Lamps of this type are already available, and, while they have been sold primarily for purpose of home treatment, they are beginning to be considered as sources of general illumination.

Discussing on the results of some of his researches, Dr. George W. Crile, renowned surgeon, declares that the thinkers and leaders of modern civilization are more susceptible to sickness and diseases than are other classes. "Their high mental activities," he asserts may and often does wear out the entire physical mechanism.

Canada is sharpening her pencil to take a census. Like the United States, The Dominion counts its inhabitants every ten years, but does it one year after we do.

Dr. Earnest W. Hopkins, president of Dartmouth College, told alumni the other day that the prime function of college is not at all to give knowledge to its students. "Nothing is more useless than a fact by itself," says Dr. Hopkins. "The only thing a liberal arts college can do is to offer the atmosphere and environment in which education can be obtained.

Bringing the frozen South Pole to sunny California is one of the latest achievements of the motion picture industry. Antarctic scenes were shot in movie-made storms near Los Angeles, while actors in heavy furs and stage carpenters in bathing suits mingled behind the cameras. Two million five hundred thousands pounds of gypsum constituted the South Polar snow.

A 400,000 auto output is expected for April. No wonder Henry Ford can foretell such "good times".

The Bank of New York was 147 years old last week. You can bank on that.

GOING TO COLLEGE

"Father," said the stalwart young Marmaduke Montgomery to his poor but considerate male parent, "I hope you will permit me to return to college now that the vacation period is over. I am burning with a desire for knowledge. I want to explore new uncharted realms of the mind. I want to be pointed out as a man of education and culture. Though I am aware, sire, that you have suffered financial reverses, I will do my best to earn money at college. Say, sire, that I may go."

"It is going to mean a big sacrifice, my boy," said the chagrined father, "but I guess we'll be able to manage it some way. Go, and may you return with highest honors."

Do you carry B-eliminators? No, sir, but we have roach powder and some fly swatters.

Shopper in department store: Where are the corsets, please? Shop-girl: You'll find the in the antique department, ma'am.

Every time the bell on his type-writer tinkles the absentminded Professor writes "Come in".

On News Of The Past

ONE YEAR AGO THIS WEEK

Definite action concerning the question of allowing high school students to attend junior college affairs is taken at the Executive Board meeting this week.

Dr. George L. Marsh, teacher in the American School of Athens, addresses the Associated Students.

More than 150 guests attend the O. K. club's first annual dance.

High school monograms must not be worn on the junior college campus, according to a verdict reached by members of the Varsity "S" club.

With one victory and one defeat, Coach Bill Cook's track team faces Riverside here this week.

A dual debate with the University of California at Los Angeles has been scheduled for May 6.

Orange Theatre News

At a cost of \$15,000.00 the Orange theatre has been equipped with the very latest talking equipment, the famous Western Electric Sound System. The entire old system was discarded, with every item of importance being replaced with the most modern and efficient made. The theatre also has installed one of the new Phono-cromatic screens, which is devised to make the picture more brilliant and realistic. The theatre has arranged a splendid program for the coming week and in addition to the feature pictures, the programs always include the choicest of short subjects and comedies.

Santa Ana Nine Meets Pasadena Here Saturday

Coach Clyde Cook's Santa Ana junior college baseball team will be hosts of Pasadena junior college next Saturday on the local field. The presence of "Bomo" Koral and "Les" Fulson in the lineup has strengthened the team in its hitting and fielding. Both are dangerous hitters and their experience helps to balance the team.

Last Saturday's fray between the Dons and Tartars ended in a 6 to 3 win for the Dons after a thrilling 10 inning tussle. Compton scored their first run of the day in the second inning when a well hit ball took a decisive hop eluding Russel Sullivan and "Swede" Whisler for a home run.

Clyde Cook's henchmen had enough men on base to win the game by a large margin but due to poor base running and several other poor baseball tricks they were held scoreless until the fourth inning. "Les" Fulson went to bat getting a hit to right field when "Bomo" Koral went to first after being hit by a pitched ball. Fulson crossed the plate on Whisler's single to left field.

Beatty's good arm proved to be the feature of the day when he successfully threw three runners out on second base. "Bomo" Koral worked consistently in the box for the Dons. Fine fielding was shown by Burton Allen who received every ball that came into his field.

At the end of the ninth found the scores tied but the Dons were fortunate when Charles Andres hit a long three bagger which registered the three winning runs.

The last inning was a thriller when Koral was unable to hold the Tartars rally so Fulson was brought to his relief retiring the last man with a runner on every sack.

Next Saturday's game will find the Dons short of a catcher when Melvin Beatty's services will be used in the annual junior college track meet.

Swimming Team

Tan mermaids may again be seen gliding up and down the junior college pool practicing swimming on Tuesdays and Thursdays in an effort to become fat to participate in schools.

According to Evelyn Yount, swimming coach there is a need for more candidates for the team. There are many events in which to enter and a chance for many girls to be placed on the team. At present there are few girls contesting for the form and dash events, and it is hoped by the swimming manager that more girls will attend practices immediately.

Co-eds Have Poor Turnout For Don Indoor Practice

With the opening of the indoor season there have been three practices a week at 3:30 but the attendance has been very poor according to Miss Evelyn Yount, indoor coach.

There have been scarcely enough for two teams from the freshman and sophomore classes and Miss Yount urges that more come out. At present the sophomores have the most promising team. Headed by two strong pitchers "Aggie" McKinstry and Gladys Early, their team is well balanced. Besides having two good pitchers they possess a capable catcher, Marian Samuelson, so their battery is well-able to meet almost any team. They have many more regular players for practices also.

The frosh are handicapped by no outstanding and strong pitchers although they have been successful in almost every sport this year there seems to be no enthusiasm for indoor. Miss Yount stated that there were several promising players in her gym classes and it is not too late in the season to start practicing.

In both classes the batting is poor and Miss Yount is concentrating her efforts on trying to train the girls in that line.

The play-day for indoor will be held at Los Angeles junior college in Los Angeles on May 9. Besides the completion of indoor there, a tennis and swimming team will participate.

Those on the list out for indoor are frosh, Margey Burns, Edra Cheney, Florence Cokeley, Evelyn Green, May Hasenjaeger, Hazel Hushman, Neva McDonald, Eugenia Gire, Elizabeth Riniker, Eugenia Richards, Shirley Thurman, Juanita Romero, Virginia Warner, Evelyn Williams.

Sophomores, Margaret Bonebrake, Elsiebell Hurd, Katharine Kendall, Luella Marshall, Marie McGinnis, Wilma Paterson, Rachel Smith, Marie Samuelson, Audrey Teel, Margaret Westover, Irene Whisler, Ruth Gardner.

Football Practice Next Week!

Spring football practice will begin next week for the junior college, if at least 25 men sign up this week. All aspirants wishing to report for practice sign up today with either Coach "Bill" Cook or Captain Mike Santa Cruz.

SULLY'S SPORT SPOTS!

BASEBALL INTEREST

Student interest towards junior college baseball is decidedly lacking at the local institution for only one rooter attended the Long Beach-Santa Ana game. Rooters have helped many a team come from behind, but the local nine is surely lacking in moral support.

At a Stanford-California baseball game there were more than 3,000 paid admissions. Of course we know that our college is not large enough to warrant this large attendance, but we do believe that at least fifty students could attend the games.

Pasadena comes here next Saturday so there will be no excuse for not being able to get to the game on account of lack of transportation. The visitors boast that they have the best pitcher in the league so the contest ought to be a close affair.

The local swimming pool is surely crowded these days and a new addition to the pool is surely in order.

Clyde Cook seems to have quite a time keeping track of the baseballs this season. More time is spent hunting lost balls than actual practice. Cook said that due to lost baseballs that the locals may have to quit in the middle of the season.

Track athletes are sure glad that the dual season is over for the hot weather has sure made workouts a hardship.

With Koral and Fulson eligible again the local none will furnish tough opposition for their opponents. Both athletes were sure missed during the Viking game.

Santa Ana should place high in the big track meets this year for they have several possible first place winners. The Dons did not do so well in the dual meets but with points being split every way in the big meets, the locals ought to place high.

Voluntary spring football practice will be resumed tomorrow afternoon at Notre Dame under the direction of Coaches Hartley (Hunk) Anderson, and Jack Cheyenne, assistants to the late Knute Rockne.

The suggestion was made that spring football practice be canceled, but Mrs. Rockne and school officials were of the opinion that the late Notre Dame leader would have wanted things to go on as in the past.

League Change!

Despite the announcement that was made a few weeks ago that Santa Ana would change from the Western league to the Eastern division, conditions have arisen in which the Dons may have to stay in their present division. Fullerton also was contemplating on joining the Eastern league but will mark time with Santa Ana until further particulars can be agreed upon.

The new charge would benefit both Santa Ana and Fullerton for both units are much smaller than their opposition. H. E. Wilson, conference commissioner of Riverside, disclosed last week that some unforeseen opposition had brought about the delay and that no official notice could be made until the matter could be cleared up.

Dons Close Dual Track Season By Beating Fullerton

Coach Bill Cook's Don tracksters closed their 1931 dual meet season last Friday with a 71-60 victory over Fullerton. The local athletes turned in several fine marks which insured Santa Ana a victory.

Next Saturday the Dons travel to Riverside for the annual league meet of the season. Although the locals have a slight chance of winning first place against such talent as Long Beach, Los Angeles and Compton has they have a fair chance of placing high in the meet.

If Doyle Gilbert, Beatty, Jacques, Donahue and Dresser can grab a first in their respective events plus a few seconds and thirds, the padres could spill the dope and place in first position.

Fullerton Meet

Melvin Beatty broke his own record in the javelin Friday with a toss of 177 feet. His old mark was 175 feet, 5 inches. Art Jacques tied his own junior college record in the high jump with a leap of 6 feet, one-fourth inch.

Tennis Team Is Defeated 18- 5 By Compton Squad

Hard drives and volleys by the Compton netmen defeated the Dons 18 to 5 in their second league match here Wednesday.

Santa Ana jaycee was only able to take two singles matches. Evans defeated Hyron of Compton and Beall took Buck. Sweet and Minann of Compton were both too strong for Waters and Slaback in their singles matches.

Both doubles matches were won in a decisive fashion by Compton men. Santa Ana only taking one set in both matches.

The results:
Singles—Sweet (C) defeated Waters (SA) 6-3, 6-1; Minami (C) defeated Slaback (SA) 6-3, 6-3; Evans (SA) defeated Hyron (C) 6-3, 6-1; Beall (SA) defeated Buck (C) 6-2, 4-6, 6-3.

Doubles—Bertish and Kimbrough (C) defeated Fry and Buescher (SA) 6-4, 7-5; Sekely and Klein (C) defeated Ridenour and Higashi (SA) 2-6, 6-3, 6-0.

NEW SOCIAL PROJECT IN THE FORM OF BOOK REVIEW GROUP ESTABLISHED BY JAYCEE "Y"

One of the newest social projects to be underway on the campus was the establishment of a book-review group, which was officially launched last Saturday night at the home of Linda Paul, 2015 North Main Street. Officers of the "Y" have felt for some time that there should be an organization on the campus to devote some time to new Sociological and Economic works that are taking their place in the literature of today. Miss Paul, who is the hostess to the Jaycee breakfast club every Sunday morning donated her home for the use of the organization in these reviews.

Last Saturday evening Bill Reinhardt reviewed Toyohiko Kagawa's

"Love, the Law of Life," before 15 members of the "Y". Kagawa, one of the world's greatest economic and social authorities, has written a number of books dealing with conditions in his native Japan, and his latest effort, "Love, the Law of Life," has been received favorably by American expounders of the idealistic theory of handling social difficulties.

Toyohiko Kagawa has devoted his life to the study of conditions in the slums in large Japanese cities, and most of his works deal with cases and Princeton, and although thoroughly familiar with the American crime system, he makes the statement that more laws are broken and more crimes committed in one day in the slums of large Japanese cities than an American would read about happening in Chicago in an entire year.

Following the review, Bill Braisted, Los Angeles Y. M. C. A. secretary, conducted an open forum discussion group, and told of some of the social outcasts that had come within his observation recently in that city.

Kentucky Clamps Down On Absence Rule; Excuse Is Necessary

UNIVERSITY OF KENTUCKY, April 14, 1931—At the University of Kentucky there is a new ruling whereby no cuts are allowed and no absences are excused. The only way a student can secure an excuse is from the scholarship and attendance committee on the day immediately following his absence.

The new absence rule has caused much comment on the campus and many instances of its unjustness in the case of students who are ill and must still attend classes are cited in the "Kentucky Kernel," college publication in an attempt to have the rule modified.

BOY'S WEEK

(Continued From Page 1)
of the Rotary and 20-30 clubs will be put on by the boys. Thursday will be Radio Day for the boys over KREG. Appropriate boys week programs will be broadcast over the local transmitter that day.

HEADS OF Y. M. C. A. INSTALLED AT MEET

Newly-elected Y. M. C. A. officers completed.

who will control the actions of that group on the campus for the ensuing year were formally installed last Monday evening at the regular meeting held in the city "Y" building.

The gavel was turned over by retiring President Bob Williams, to Jac Crawford, selected by the group over Wilton Hilliard for the ranking office. Bob Brown was introduced as the new vice-president, Frank Nagamatsu took over the secretary duties, and Howard Barnes was given the treasurer's records.

Rev. Edgar McClure, of Orange, gave an address to the 35 members present on "Racial Conflicts," and following the talk conducted an open discussion hour on the same subject.

A joint meeting of the old and new cabinets will be held Wednesday in the "Y" room, and as the gathering is to decide some of the important events of the year, all officers are urged to attend. Plans will be formulated for the last of a series of speakers to be presented in a jaycee assembly on May 5th, and new commissioners of religious education, campus service, field council representative, and membership will be appointed at that time.

President Crawford stated that he wished to see the plans adopted for the coming year by the "Y" carried out to the fullest extent, and said that no work would be spared by the officers or committees to see that every project undertaken would be

Tom Clark, chairman of the deputation team that has been devoting Sunday evenings during the past semester to conducting services in young people's groups around the community, announced that the team would take charge of a meeting in Wintersburg this coming Sunday evening.

Last year the custom of sending the deputation team to outlying churches for services was initiated, and met with great success throughout the course of the school season. This year the team is composed of Tom Clark, chairman; Bob Williams, Leonard Morris, and Bill Reinhardt.

LION SHOW

(Continued from page 1)
cluded in the assembly program, along with the vaudeville acts which will be directed by the manager of the West-Coast theatre.

Posters advertising the dance were to have been completed this week by the students of Anna M. Gilles, art instructor. Martin Bowman, dance and assembly chairman, has announced that tickets for the Laguna affair may be secured from any Junior Lion. The price this year will be one dollar per couple.

Will Hold Banquet

Members of the Junior Lions, together with their lady friends, will hold a banquet preceding the dance.

Plans will be formulated at the Lions' next regular meeting for a program to be given the Senior Lions of Santa Ana, according to Ed Meador, vice-president of the club. Meador for the past few weeks has been assuming the duties of President Ray Glesener, who is recovering from an operation of several weeks ago.
